### **AUTO-REPLENISH FOOD ACCOUNTS**

# Save Time and Eliminate Worry with Auto-Replenish

## Log into the Web Store to set up auto-replenish payments.

If you are a new Web Store user, create an account to take advantage of this feature!

The screenshots show the following steps in the Web Store interface:

- 1** **FOOD SERVICE PAYMENT** form with fields for Student (dropdown), Last Name (smith), and ID Number (98562). A **CONFIRM STUDENT** button is at the bottom.
- 2** **FOOD SERVICE PAYMENT** form for **Abby Smith** with a dropdown for the student and a **Set up Auto-Replenish** button.
- 3** Account settings for **Abby Smith (98562)** with an **AUTO-REPLENISH** toggle set to **Disabled** and a **SAVE** button.
- 4** **AUTO-REPLENISH** settings page with a toggle set to **Enabled**, fields for **When my balance falls below** (10.00) and **I would like to add** (50.00), a **VISA** payment method, and a **SAVE** button.

Provide your student's credentials and click **CONFIRM STUDENT**.

Click **Auto-Replenish** to access automatic transaction settings.

Enable Auto-Replenish and click **SAVE**.

Adjust settings. To use the feature, you must agree and click **SAVE**.

## Transactions are automatic.

Each transaction is confirmed with an email sent to the account holder. Payments will post to student food accounts within two (2) **business days**. If auto-replenish is enabled on two or more student food accounts, multiple transactions will occur.

## Adjust settings or confirm previous transactions at any time.

Managing and tracking auto-replenish transactions is easy! The Web Store "My Account" gives you quick access to auto-replenish settings and transaction history. Log into your Web Store account to make changes or view your account information.
