

## List of accepted post-secondary courses to determine teacher and assistant teacher qualifications in licensed child care centers

This list is based on MN Rules, part 9503.0030, subpart 1. B.

"Education" means accredited course work from an accredited postsecondary institution in child development; children with special needs; early childhood education methods or theory; curriculum planning; child study techniques; family studies; child psychology; parent involvement; behavior guidance; child nutrition; child health and safety; early childhood special education methods or theory; child abuse and neglect prevention; recreational sports, arts, and crafts methods or theory; or coordination of community and school activities. "Education," as specified on the charts in parts [9503.0032](#) and [9503.0033](#), is in addition to the credential specified in column A unless the course work has been completed as part of the credential.
